RE: RM-10836, Emergency Vehicle Signaling Service

This letter is being forwarded in support of the Emergency Vehicle Signaling System technology (EVSS) as proposed in RM10836. This technology is needed in the emergency vehicles of today to make responses safer for responding personnel and also the general public. Please consider the approval of this technology as we are always looking for ways to make the response of emergency vehicles safer.

Sgt. Tony Nargi
Patrol Supervisor
